

Television Station ABC Channel 13 KTRK Houston, Texas, featured Monday Night Football at 8PM showing an opening the was lude sex and nudity as the intended funny opening for a family football show. My husband and I were outraged. Janet Jackson's incident at the Super Bowl by comparison was mild. This should have never been allowed to air. Please do something so we all can watch TV again without being bombarded by disgusting TV PORN. It's time to get back to basic morals in this country and this starts with you.
